PROFESSIONAL EXPERIENCE

PHP Laravel Developer Intern — RADIANT SYNERGY | June 2026 – Present | Remote

- Built two full-stack web applications from scratch using PHP, Laravel, MySQL, Blade, JavaScript, HTML, and CSS.
- Developed Ojas Couture e-commerce features for products, categories, collections, search, cart, wishlist, checkout, orders, and customer accounts.
- Implemented online payments, Cash on Delivery, coupons, memberships, loyalty rewards, reviews, and return requests.
- Built admin tools for managing products, orders, customers, promotions, memberships, reviews, website content, and operations.
- Developed a database-driven corporate and training platform with services, solutions, portfolio, training, careers, testimonials, and enquiries.
- Implemented Laravel models, migrations, relationships, validation, authentication, backend business logic, integrations, debugging, testing, deployment, and Git/GitHub version control.

PROJECTS

1. Ojas Couture — Full-Stack E-commerce Platform

Technologies: PHP, Laravel, MySQL, Blade, JavaScript, HTML, CSS

Live Website

- Built a full-stack e-commerce platform with product/category browsing, collections, search, cart, and wishlist.
- Implemented customer authentication, profiles, saved addresses, checkout, order management, and order history.
- Integrated payments, COD, coupons, memberships, loyalty rewards, reviews, returns, and admin management.

2. RADIANT SYNERGY — Corporate & Training Platform

Technologies: PHP, Laravel, MySQL, Blade, JavaScript, HTML, CSS

Live Website

- Built a corporate website and database-driven content platform with services, solutions, portfolio, training, careers, testimonials, and company information.
- Implemented management workflows for content, training curricula, skills, career paths, job listings, contact, consultation, newsletter, applications, and enquiries.
- Built backend workflows using Laravel controllers, models, migrations, relationships, and validation.

3. DevHire — Full-Stack Recruitment Platform

Technologies: React.js, Node.js, Express.js, MongoDB, JWT

Live Demo | GitHub

- Built recruiter/developer workflows with JWT authentication, protected routes, and role-based authorization.
- Developed job posting, application tracking, resume uploads, developer profiles, notifications, in-app messaging, and REST APIs.

EDUCATION

Bachelor of Information Technology — Silver Oak University, Ahmedabad | 2021–2025 | CGPA: 9.1 / 10

CERTIFICATIONS

Introduction to MERN Stack — Simplilearn | January 2026 | Full-Stack Development — Simplilearn | April 2026
